FOR IMMEDIATE RELEASE

Pension Technology Group Announces New President & COO

Boston, MA – July 24, 2023 – Pension Technology Group (PTG), a leading provider of pension administration software for public pensions in the United States, today announced the appointment of Chris Lodge as its new President and Chief Operating Officer.

Chris brings over 23 years of experience in the pension industry to PTG. He most recently served as President and Chief Operating Officer of Vitech Systems Group, a leading provider of pension administration software to Public and Taft-Hartley Pension and Health Funds. Over his more than 23 years at Vitech, Chris was responsible for numerous areas of the business including Customer Success, Professional Services, Finance, Sales, and Legal. During his tenure, Chris and the Vitech leadership scaled and professionalized the company by growing the team from about 30 employees to over 1,500 and onboarding and delivering success to over 50 pension and health clients.

"We are excited to welcome Chris to the PTG team," said Brandon Johnson, CEO of PTG. "His extensive experience in the pension industry and proven track record of success building teams and scaling a business while delivering a high-quality customer experience make him the ideal leader for PTG as we continue to grow and expand our products and services."

As President and COO, Chris will be responsible for leading the company's day-to-day operations and driving its strategic growth. He will also be responsible for overseeing the company's product development and customer delivery.

"I am thrilled to join PTG and be a part of its team," said Chris Lodge. "PTG has built a great reputation in this industry and I am confident that the exciting new products and services we are bringing to market will further enhance the customer experience and propel the company's growth."

John Reidy, Co-Founder of PTG, added, "Not only does Chris bring a wealth of experience and knowledge, but he carries a high level of integrity and a great reputation across the pension industry. Chris is going to be a great asset to PTG for years to come."
